VIVEKANANDA GLOBAL UNIVERSITY, JAIPUR

(Established by Act 11/2012 of Rajasthan Govt. Covered u/s 2(f) of UGC Act,1956)

Assignment II

Last submission Date:17-02-2026

Unit 2

Subject: Database Management System
Subject Code : UGCSE211

Department of Computer Science & Engineering

Dr. Tarun Kr. Agrawal
Assistant Professor
Department of Computer Science & Engineering

Unit 1: E-R Modelling

1. Explain the basic concepts of the E-R model and describe the role of entity sets and attributes with one example.
2. What are design issues in E-R modelling? Explain any two common design problems faced while creating an E-R diagram.
3. Define mapping constraints in E-R modelling. Explain 1:1, 1:N, and M:N relationships with suitable examples.
4. What is a weak entity set? Explain its characteristics and relationship with the owner entity using an example.
5. Explain extended E-R features. Describe specialization and generalization with a simple E-R diagram example.
